Model 2001016 (115V) 2001017 (230V) Moderate Cold Chest Freezers

Moderate Cold Chest Freezers are rated at a constant **10C to -34C**. These **large capacity** cabinets are engineered to meet commercial and institutional needs **economically**.

Best used when low temps are **not** required. Each is **warranted for a full year** for parts and labor and is fully covered by **extensive service network**. **-34C - 9 Cubic Feet**

The **10C to -34C** Moderate Cold Series features a **Digital Temperature Controller**, but when ordering, please specify readings to be in degrees "C" or "F". If an alarm is added, it will **require** an upgrade on the controller to a **special digital controller**, either networkable or standard. Also, any additional accessories added on this series will require the purchase of an **End Rack**. Casters are **not standard** on this series.

Please note: IDS chest freezers are **also available in 230V**, which are shipped without a plug because of the many variations in plugs. Specify the NEMA number for the plug, **and we can install it before shipping**

Specifications

Models 2001016 or 2001017	-34C - 9 Cubic Feet
Refrigeration Cycle	
Compressor	1/5 hp
Refrigerant	R404a
Voltage	115/60/1 230/50/1

If an alarm is needed, it will **require** a **special digital controller**, either networkable or standard. Additional accessories added on this series will require the purchase of an **End Rack**. Casters are **not standard** on this series. **Please note:** IDS chest freezers are **available in 230V**, shipped without a plug unless you specify the NEMA number, **and we can install it before shipping.**

Each unit is **warranted** for a full eighteen months and covered by our exclusive service network. Ask us for a **quote** for your specific application. Freezers are also available in upright, explosion proof and lab models with accessories. **All Temps shown in CELSIUS.** For **Temperature Conversion Table**, [click here](#).

NOTE: Dimensions listed are the box dimensions and do **NOT include the "step" shown in the picture BELOW**, which will always be located on the left hand bottom side of the moderate cold chest freezer, as you face the front of it.

Cu Ft	C°	Exterior			Interior			Casters	Alarm	Wt.
		H	W	D	H	W	D			
5	-34C	35"	28"	24"	27"	21"	16"	NO	NO	108
7	-34C	35"	35"	24"	27"	29"	16"	NO	NO	125
9	-34C	35"	41"	24"	27"	35"	16"	NO	NO	139
15	-34C	35"	48"	30"	27"	42"	22"	NO	NO	190
20	-34C	35"	62"	30"	27"	56"	22"	NO	NO	225
25	-34C	35"	74"	30"	27"	67"	22"	NO	NO	255

For **5, 7 and 9 cubic feet**, the step will be: 11" W (left to right) x 10" H x the depth of the freezer. For **15, 20, and 25 cubic feet**, the "step" will be: 9-1/2" W (left to right) x 10-1/2" H x the depth of the freezer. Click on **part numbers for complete specifications** on each unit or [click here](#) for specifications on all Moderate units.
